

BIOLOGY (BS)

Recommended Courses for Majors Planning to Transfer to VWU

Students planning to transfer to Virginia Wesleyan University from anywhere within the Virginia Community College System (VCCS) should consult with a transfer advisor at the VCCS campus where they are currently enrolled for timely degree completion. Courses in black are strongly recommended—students who do not complete these courses may require an additional year due to course sequencing issues. Courses in blue are encouraged—these are also strongly recommended, but are approved with a letter from a transfer advisor at the VCCS campus where they are currently enrolled.

Students must complete **WES 300** for the **junior/senior seminar (WES 300)**.

BIOLOGY (BS)

VWU COURSE	VCCS EQUIVALENT
BIO 130: Principles I: Evolution and Ecology	General Biology II
BIO 132: Principles II: Cell and Genetics	General Biology I
CHEM 120: Introductory	General Chemistry II
CHM 221: Organic Chemistry I	<u>Organic Chemistry I with Lab</u> <i>(both courses must be completed to fulfill CHEM 221: Organic I)</i>
CHM 222: Organic Chemistry II	<u>Organic Chemistry II with Lab</u> <i>(both courses must be completed to fulfill CHEM 222: Organic II)</i>

CHOOSE TWO FROM:

MATH 273: Calculus	Calculus I
PHYS 221: University Physics I	University Physics I
PHYS 222: University Physics II	University Physics II

While all courses with passing grades are accepted as transfer, of "C" or better must be earned.
